

APPENDIX E-358 P

LOGISTICS REASSIGNMENT LOSSES PRINTOUT

1. REPORT USED

Appendix F-26, Logistics Reassignment Losses.

2. REASON/CRITERIA FOR PREPARATION

This procedure is applicable to chapter 8. The F-26 Report is prepared to provide Logistics Reassignment Monitors a listing of items involved in Logistics Reassignment Losses and/or reversals of the same.

3. RESPONSIBLE ORGANIZATIONAL ELEMENT

Logistics Program Division with the Directorate of Supply.

4. PROCEDURES/INSTRUCTIONS

a. This listing is automatically generated by the Technical Subsystem.

b. The F-26 is an informational report for the LR Monitor of items involved in Logistics Reassignment losses. The LR Monitors will advise the Directorate of Technical Operations and the Directorate of Procurement and Production of items being logistically transferred.

c. The F-26 also provides information on items where a pending logistics loss has been reversed, and the LIM will retain management. This information will also be provided by the LR Monitors to the DTO and DP&P.

d. The listings may be discarded upon completion of the logistics transfer or reversal action as applicable.

5. FLOWCHART

Flowchart not required.
